TechMate Tools and Equipment

Hunter Engineering Partnership

Reference: NSIB/22-019a

Date: January 24th, 2023

ANNOUNCEMENT

As we continue to improve TechMate, we are excited to announce a new direct partnership with Hunter Engineering Company. With this new partnership, you will experience seamless integration between TechMate, Hunter and your dealership. Hunter's expert Sales and Service teams are ready to ensure you have the right equipment for all of your wheel and tire service needs.

- The best wheel and tire service equipment at the best pricing!
- Convenience of Nissan NVA billing for products and services
- Convenient financing options available at the time of sale
- Compliance with Nissan's wheel and tire service equipment standards
- Compliance with Nissan's APRM calibration and inspection requirements

You can reach your local Hunter Engineering Sales and Service team at www.Hunter.com/contact/

For questions regarding Nissan's equipment compliance standards or billing, please contact the Nissan TechMate Equipment team directly at techmate.equipment@nissan-usa.com
